

# ISOLATION?

## WE CAN RELAY YOUR EVERY NEED!

### GET BETTER CONNECTED WITH WEIDMULLER.

#### NEW RIDERSERIES

- Pluggable versions allow unrestricted choice of connection system
- Modular system complies with international standard

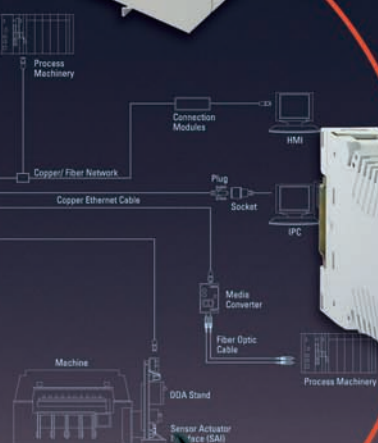

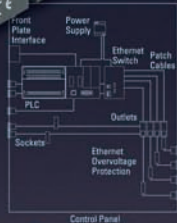

#### PLUGSERIES

- Mechanical and solid state versions available
- Modular design shortens installation time
- Made of non-burning WEMID for durability

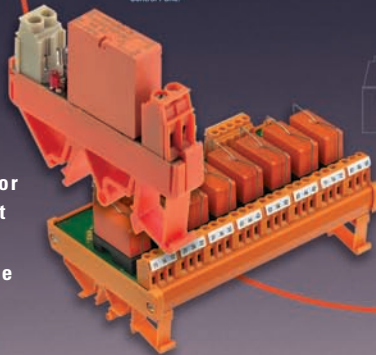

#### WAVESERIES

- Mechanical and solid state versions available
- Pluggable connections for tool-less installation
- Space-saving compact design

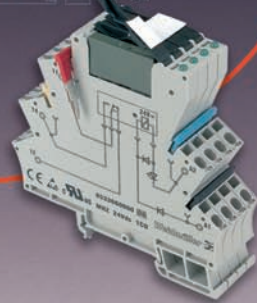

#### RS-SERIES

- Clip-on profile for pluggable format
- 11 mm to 25 mm width for flexible design

#### MICROSERIES

- Mechanical and solid state versions available
- 6 mm wide for maximum space savings
- Innovative release lever for easy maintenance

Weidmuller has the industry's most extensive line of relay solutions—available in both electromechanical and solid state technologies. From narrow 6 mm housings to 25 mm modular configurations, we offer a relay for every industrial application. Available with screw clamp, tension clamp or the new push in technology for maximum design flexibility.

Get Better Connected—visit [www.weidmuller.com](http://www.weidmuller.com) to learn more about our relay solutions.

New Push In Technology cuts wiring time by 75%
